

March 24, 2022

Hello Pusketeters!!

After 2 years of battling, dodging, and treating COVID we have decided it is time once again to hold the annual Rocky Mountain Pus Club meeting.

The meeting will be held in Boise, Idaho at The Inn at 500 Capitol on August 12-13. There will be an evening reception on Thursday, August 11th and a hosted dinner on Friday, August 12.

We are currently working on speakers. As always, we look to you for interesting and challenging cases for us to ponder and discuss.

Meeting details including hotel rates and information can be found on the RMPC website. Reservations must be made by July 22nd to receive the group rate. If you have any additional questions about the venue or format of the meeting, or are interested in attending as a vendor, please contact Willa Craig at idswilla@blackfoot.net or 406-544-9166.

To register for the meeting please visit the RMPC website at www.rmpusclub.org. We would like to get an early head count so **Please try to do this by April 15.**

Go to the 2022 Meeting tab and click on "registration". Fill in the form and hit submit.

You can pay your registration fee by Venmo prior to the meeting by searching Venmo for Willa Craig (@Willa-Craig) or pay at the meeting with a credit card or check.

There have been many changes in the last few years due to COVID's impact, not just in how we interact with family and friends but also in our professional relationships. We know that how we learn and stay up to date in our profession has changed significantly over the years with many more opportunities than the traditional meeting format. Pus Club has been a vital meeting for many of us. The entertaining education provided by speakers and members and the lasting camaraderie with our colleagues throughout the Mountain West have been sustaining features since the club's inception.

Attendance at the last few meetings has fallen slightly. Contributing factors include retirements, relocations, and the demanding nature of our work. At this year's meeting we are going to discuss how to move forward in this changed landscape. We are hoping many of you can attend to be part of this discussion. However, hearing from those of you who are not attending is equally important. We are hoping to learn what the obstacles to attendance are and what changes would enable/entice you to join us.

I want to make this feedback process easy so please feel free to email me any comments/thoughts whether attending or not. I appreciate and thank you for your input.

Hope to see you in Boise!!!
